

## Simone Fontanelli - Einführung in Neue Musik, Aufführungspraxis Neuer Musik

Basic list of works provided to Neue Musik students, that are subject of study, analysis and research during the course. Detailed study and instrumental approach then focuses on specific works, according to the capabilities of each student. Nevertheless, all students are required to carefully listen to and to get acquainted with all of them.

Of all the works on the list below, a pdf score and a audio/video recording are provided. If available, further material regarding each work, the composer and his/her style and poetry (essays, notes, documentaries) is also provided.
